EMBASSY OF RUSSIA

H.E. VALERY YERMOLOV
Ambassador of Russia in Malaysia

The Embassy of the Russian Federation in Malaysia is proud to participate for the second time in Art Expo Malaysia introducing a young talented Russian artist Alena Vavilina.

Alena, born in the city of Moscow, graduated from the School of Academic Art in Moscow and studied in France, England, Malta, China and Dubai later. Through academic lessons Alena learned the principles of art, and with this foundation she is currently experimenting with styles and media. Her style of painting is a vivid example of a modern art.

She has always been fascinated by the elements of nature and in Art Expo Malaysia 2018, she is presenting to the public her series of artworks "Butterflies" as a symbol of fragile, elegant beauty in nature.

We are grateful to the organiser of Art Expo Malaysia for this opportunity to introduce Russian artist to Malaysian and international public and we wish a great success to the event.
